COUNTY COURTHOUSE

Veterans Services/Prosecutor (Drug task Force)

Overview:

The distributor was called in to help with a file move. The contact was the facilities manager along with the two department heads. Files were housed in 5 drawer vertical file cabinets, with a desire to convert to rotary files. There were two types of files the distributor dealt with:

- 1) The Veteran Services files are records for every Veteran in the county. The label has the Soc. Sec. Number and name.
- 2) The Drug Task Force files are filed in straight numeric sequence. The label includes the name, date of arrest, social security number, and an alpha code at the bottom to designate arrest A-B-C etc.

The distributor had no competition because of a strong relationship with the county.

Result:

The distributor received an initial order for 7,000 folders, NetLabels stock, and two NetLabels set-ups. NetLabels provided a low cost solution for both departments. The user liked the fact that there were no expensive seat licenses or maintenance fees to worry about.

Re-order potential:

The county will continue to order their annual supply of folders and NetLabels stock. The facilities Director has already “spread the news” about the neat label software they use to other facilities directors in surrounding counties.

The Label Shown on the Right is Style #2230

The label styles used were #2329 & #2330. You can view or print a sample of these labels by going to www.netlabels.com . Now, click on the “print labels” box. Enter “guest” under username and password. Lastly, just scroll down the label styles until style # appears and click on it.

To contact our NetLabels Support Group, call (800)873-4427 and ask for NetLabels, or send an E-Mail to netlabels@gbscorp.com -- To connect just press control and left click on the link.
