## Cardiothoracic & Vascular Solutions Clinic

### Patient Records

#### Overview:

The distributor made a cold call on the practice manager of this multiple-office practice. The manager was considering new shelving and had a desire to look at new label print systems because the manager was tired of paying expensive maintenance fees and multiple seat licenses. In addition to the costs of the label software, the client was also having performance issues with the current software. The practice manager also wanted a more organized record.

#### Solution:

The distributor suggested NetLabels software and explained to the customer that there would be no need for annual maintenance and no need to purchase an "expensive specified" printer. Also, the software could be used at multiple locations at no additional charge. The customer is delighted with the new software. In addition to the NetLabels software, the distributor has also provided an open-shelving system and custom-printed folders with eight stitched-in dividers.

#### Reorder Information:

The client will reorder 10,000 - 15,000 labels and folders per year.

**The label styles are #0439 & 4241. You can view or print a sample of this label by going to [www.netlabels.com](http://www.netlabels.com). Now, click on the "print labels" box. Enter "guest" under username and password. Lastly, just scroll down the label styles until style # appears and click on it.**

**To contact our NetLabels Support Group, call (800)873-4427 and ask for NetLabels, or send an E-Mail to [netlabels@gbscorp.com](mailto:netlabels@gbscorp.com).**
