Bringing You Success, One Story At A Time.

Municipal Gas Authority

Department Files

Overview:

The distributor made a call on the Office Manager of an existing account. The department used both top-tab and end-tab folders. The Accounting and Financial files were kept in locking four-drawer cabinets. The top-tab labels that the customer had been using were discontinued once; this forced the customer to switch color systems, and then those labels were discontinued by the manufacturer. The customer was very frustrated.

Solution:

The distributor suggested NetLabels software and explained to the customer that there would be no need in the future to worry about a manufacturer discontinuing a color system for labels. After all, with NetLabels, the customer would be producing the color-coded labels. The customer really loved the idea.

Reorder Information:

The client will reorder labels and folders as needed with no competition.

The label styles are #4157 & 5137. You can view or print a sample of this label by going to www.netlabels.com. Now, click on the "print labels" box. Enter "guest" under username and password. Lastly, just scroll down the label styles until style # appears and click on it.

To contact our NetLabels Support Group, call (800)873-4427 and ask for NetLabels, or send an E-Mail to netlabels@gbscorp.com.
